We've Got You Programme

Sarah Naylor has been supporting the Wellness Programme for many years and is owed a great deal of thanks for her support and dedication in helping to make the programme the success it is today. Sarah's connection to the House has grown every year since she first walked through its doors.

As a Programme Co-Ordinator I get to spend time with the parents on a one to one and understand their unique needs. We all have our own individual journeys in the House. It has been such a success and we would like to thank Sharon and all in the House for supporting and championing the Programme.

The ultimate aim of the “We’ve Got You” Wellness Programme is to give families staying at the House some time-out to focus on themselves, to invest in themselves and to boost and build their wellbeing.

Throughout the year of active involvement in the Wellness Programme, Sarah’s journey has been one of immense personal growth and strength. Sarah’s story is one of many that we reflect upon during the time we spend with our families, and it is an honor to be able to support them along the way.

Sarah’s dedication to the programme is a testament to her passion for helping others and her commitment to seeing families through the difficult times they face. Her story is a reminder of the importance of self-care and the vital role it plays in our ability to support others.

Sarah’s journey has been an inspiration to many, and her story serves as a reminder of the power of compassion and support in helping others to heal and grow. We are honored to have had the opportunity to support Sarah along her journey and to witness the incredible impact she has had on the lives of those around her.

I am truly honoured and humbled to be apart of the Wellness Programme. I believe the compassion you show towards our House and the families living here never fails so much for others.
